

Beach Cottons Canned Food Recommendations

We rarely feed canned food, and as a result have not researched it with the same vigor we have other foods. Still, our commitment to providing the highest level of quality nutrition for our dogs has demanded that we have some high quality canned foods available for the rare occasions we feed it. We recommend the following grain and chicken free selections. M = maintenance, A = all life stages, G = growth. Please, reach out to us if you have recommendations to share that might expand these selections.
